

# **Telemedicine 101: Best Practices for Residents**

## **Stanford-O'Connor Family Medicine Residency**

Developed by Emmeline Ha and Kristen Zwicky

Last updated: May 2020

In light of COVID-19, the Stanford-O'Connor Family Medicine Residency program rapidly moved to telemedicine. In order to better prepare residents for this transition, we developed educational resources for residents to improve their telemedicine skills. Please see the following links for each resource.
